CALIFORNIANS!

Grievance 90

October 15, 2019

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their Right,

it is their Duty, to throw off such Government, and to provide new Guards for their future security.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

First Amendment of the United States Constitution states:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

The Counties of New California bring forward 95 Grievances to be announced in public on Tuesday at 11:00 am.

Declaration of Grievance

Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

ORDER OF THE DAY

POWER & CONTROL

There were two major developments in the past week in the march toward a totalitarian state of California.

Power

The first was the “planned” turning off of electrical power to 34 counties all within the proposed borders of New California. The turning off of power to over 2 million New Californians was in response to projected high winds in the rural areas where there is heavy forestation and high chaparral that pose a high fire risk. A risk made possible by the deliberate mismanagement of natural resources by the California state mixed with the political environments demand for minimal risk after the 2018 fire season produced 8527 conflagrations burning an astonishing 1,893,913 acres of wild lands and more than 18,000 structures. Those fires also took the lives of 97 civilians and six firefighters.

The logic behind the planned power outages is “To protect public safety, *power companies* turned off power due to gusty winds and dry conditions combined with a heightened fire risk,” the site explains. “Once the weather subsides and it is safe to do so,...crews will begin patrolling power lines, repairing damaged equipment, and restoring customers.”

These aren't short-term outages where the major consequence is missing the morning's episode of The Price Is Right. “Outages (weather event plus restoration time) could last longer than 48 hours,” the company warns. “For planning purposes, PG&E suggests customers prepare for outages that could last several days.”

Fire is a natural part of the California ecosystem. What's not so natural is the mismanagement of natural resources by California state officials that has now become “natural” leaving behind massive forest growth and high chaparral prepared to burn—making the next fire even more intense.

All totalitarians have used natural resources to control their people. In the last century Lenin used electrical power to control multiple regions of the Soviet Union. Adolph Hitler used power outages to control the German people. Mao used electric power to help create famine in China leading to the death of over 65 million people. Power outages in South Africa are coordinated to this day with marauding groups of gangs and “hit” squads that invade the blacked out areas. In Venezuela power is out for weeks forcing people to flee that country for neighboring countries or they'll die. In North Korea millions die annually because the government deliberately fails to provide power service. Now the current governor, the mono party system and various local officials have joined the ranks of fellow totalitarians who seek to control people rather than let them live in liberty.

Control

The following list describes the attack, bill by bill the state of California legislated and the socialist governor California ***signed in a single day***, as an all-out assault on the Second Amendment rights of Californians:

- [AB 12](#) extends the duration of a gun violence restraining order (GVRO) (AKA "red flag law") to a maximum of five years instead of one year.
- [AB 61](#) allows an employer, coworker, employee or teacher to file a petition requesting that your guns be confiscated without due process.
- [AB 164](#) holds any person subject to a valid restraining order, injunction, or protective order issued out of state to the same restrictions on buying or possessing firearms in California as they are under in the state where the order or injunction is operative.
- [AB 339](#) by requires law enforcement agencies to develop and adopt written policies and standards regarding the use of gun violence restraining orders.
- [AB 521](#) requires the University of California to develop a training programs for doctors on the "prevention of firearm-related injury and death."
- [AB 645](#) requires firearms packaging to contain even more redundant warning statements on suicide prevention, increasing the cost to sell the product to the consumer.
- [AB 879](#) requires that the sale of firearm "precursor parts" (80% lowers, AK flats etc) be conducted through a licensed firearm precursor part vendor. The author, as judged by prior introduction of a similar bill during the previous session, more than likely intends to have ALL firearms related parts to be classified as "precursor parts."
- [AB 893](#) by prohibits the sale of firearms and ammunition at the Del Mar Fairgrounds in the San Diego.
- [AB 1297](#) eliminates the existing \$100 limit on processing fees for concealed firearm licenses, meaning local sheriffs can charge as much as they'd like.
- [AB 1493](#) authorizes a person who is the subject of a gun violence restraining order to submit a form to the court voluntarily relinquishing their firearm rights.
- [AB 1548](#) codifies the California State Nonprofit Security Grant Program to "improve the physical security of nonprofit organizations that are at high risk of violent attacks or hate crimes due to ideology, beliefs, or mission."
- [AB 1603](#) codifies the California Violence Intervention and Prevention Grant Program to "help reduce violence in communities that are disproportionately impacted by violence."
- [AB 1669](#) updates existing law by applying the same gun show regulations that already apply to firearms dealers to ammunition vendors as well.
- [SB 61](#) prohibits the sale of a semiautomatic centerfire rifle to any person under 21 years of age.
- [SB 376](#) limits the number of personally-owned firearms an individual can sell without a license. The above list was compiled by the Firearms Policy Coalition.

Power & Control is PEOPLE CONTROL. Taking away the people's right to their weapons and their electrical power is not a safety issue it's a formula to enslave the people.

The only answer to stop the totalitarian take over of California is the formation of new state under Article IV, Section 3 of the United States constitution.

There is one hope and that is a new constitution that the State of New California will provide to those in New California State.

California's mono-party political machine, its socialist Governor, along with state legislators, socialist elected officials, agencies, and unelected regional governance boards, are colluding to create a pure totalitarian communist California state in direct violation of both Article IV, Section 4 and Article VI of the United States Constitution.

Insurrection

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in ***acts of insurrection*** against the U.S. Constitution.

The **Insurrection Act of 1807** is a [United States federal law](#) that governs the ability of the [President of the United States](#) to deploy [military troops](#) within the [United States](#) to put down lawlessness [insurrection](#), and [rebellion](#).

Acts of Secession

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings. newcaliforniastate.com (877) 828 2753
