Grievance 29

AUGUST 7, 2018

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Article IV Section 3 United States Constitution states:

New States may be admitted by the Congress into this Union; but no new States shall be formed or erected within the [Jurisdiction](#) of any other State; nor any State be formed by the Junction of two or more States, or parts of States, without the Consent of the Legislatures of the States concerned as well as of the Congress.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States”.

**New California Declaration of Independence of
January 15, 2018 states:**

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

So it is the history of the past and present Governor and Government of California who have a history of repeated injuries and usurpations, all having in direct Object the establishment of a Tyranny over the Counties of New California and the State of California.

Whenever any Form of Government becomes destructive of these ends, it is the Right of the People to seek a constitutional remedy to the abuse of powers”.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity, seek a republican form of government, protection against foreign invasion and domestic violence guaranteed by Article 4, Section 4 of the United States Constitution, and all privileges and immunities of citizens in the several states guaranteed by Article 4, Section 2 of the United States Constitution, ordain and establish New California as a fully vested State of the Union of States in the United States of America.

First Amendment of the United States Constitution states:

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of

speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.

Therefore the Counties of New California bring forward 40 Grievances against the government of California to be announced in public on Tuesday at 11:00 am each week for 40 weeks.

State of New California

Grievance 29

Statement of Facts

The people of California are suffering from a tyrannical communist state government which fails to provide a republican form of governance, enables and supports across it's southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America. All caused by a government of and for a mono party system lead by a tyrannical dictator.

Declaration of Grievance

United States Constitution Article IV Section 4 States in part:

The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.

Failure of the government of California to protect against invasion and domestic violence

In rural California the death of it's Citizens, destruction of property, and rape of the environment by illegal foreign nationals who are exploiting the natural resources is all but complete in many of the counties of rural California.

Rural California under siege from illegal foreign national invaders who have taken control of entire rural counties where law enforcement authorities are under staffed, ill equipped and poorly trained to deal with foreign invaders that are exploiting California's natural resources to grow billions of dollars worth of an illegal cash crop.

The rape of California's rural environment has been deliberately supported by the current communist California governor and former attorney general (who is now a United States Senator) when they both defunded the California Department of Justice's Bureau of Narcotic Enforcement. Their actions set the stage for one of the world's largest environmental reigns of terror ever by government.

The current governor and the mono party government encourages and enables 'domestic violence' against the Citizens of the United States living in the State of California through eco-terrorism.

The environmental exploitation by illegal foreign nationals combined with the deliberate neglect by the communist California governor of the states infrastructure and natural resources has shown him to be one of the world's greatest eco-terrorist.

The hundreds of massive wild fires rural California has experienced over the past eight years have caused death and destruction on a scale never known before. The causes of these fires in most cases are unknown and the criminals when exposed who have set these fires are seldom if ever arrested and prosecuted. In some sanctuary counties known illegal foreign nationals who have been implicated in the setting of fires are not prosecuted but freed.

The natural resources of the rural areas of California have great monetary value to the citizens in their natural state and when properly managed.

To a communist governor who is desperate to advance an agenda of radical environmentalism under the guise of global warming the destruction by natural disaster of these resources provides great political gain and monetary gain for a bankrupt state through "disaster capitalism". The greater the disaster the greater the federal money flows into the depleted state treasury.

The Citizens of the United States living in the state of California are at risk and under a reign of eco-terrorism by the current communist California governor and his crony disaster capitalists who are acting against the Constitution of the United States of America.

Utilizing *Marxist-Leninist* and *Maoist revolutionary tactics* the communist California governor, mono party system and local government officials support and celebrate these tactics as a means to introduce and subvert all aspects of California government and civil society in an attempt to destroy the State of California and breakdown the sovereignty of the Union of the United States of America.

Acts of Secession

Therefore the California communist government in conjunction with the communist state executive, instituted wherever the current communist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which gives Us our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting communist governor of California the mono party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

This concludes these proceedings.
