

SCCC of NCS

GRIEVANCE 48

December 18th, 2018

New California is a new state in development exercising its Constitutional Right to form from the State of California.

The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution. Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4. "We are determined to live under a State Government in the United States of America and under the Constitution of the United States".

New California Declaration of Independence of January 15, 2018 states:

"Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people's power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right... it is their duty, to throw off such Government, and to provide new Guards for their future security.

So it is the history of the past and present Governor and Government of California who have a history of repeated injuries and usurpations, all having in direct Object the establishment of a Tyranny over the Counties of New California and the State of California.

Whenever any Form of Government becomes destructive of these ends, it is the Right of the People to seek a constitutional remedy to the abuse of powers".

United States Constitution Article IV Section 3 States in part:

New states may be admitted by the Congress into this union; but no new states shall be formed or erected within the jurisdiction of any other state; nor any state be formed by the junction of two or more states, or parts of states, without the consent of the legislatures of the states concerned as well as of the Congress.

United States Constitution Article IV Section 4 States in part: The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.

Therefore the Counties of New California bring forward **95** Grievances against the government of California to be announced in public on Tuesday at 11:00 am each week for the next **47** weeks.

Failure of the government of California to provide a republican form of government California today is governed by a tyrannical government which is destroying the vestiges of representative democratic government by a 'mono' party system lead by a dictator and one 'group' who controls the California Government.

A mono party form of governance has been deliberately fashioned to destroy 'representative' governance through illegal district designs, false illegal elections, and corrupt election procedures and actions. A governor was installed for two additional terms of office through the use of a corrupt system which altered the California Constitution.

STATEMENT OF FACT

THE DIFFERENCE BETWEEN DEMOCRACY AND REPUBLIC

In a democracy, the rights of the **majority** can overwhelm the rights of the **minority**, whereas in a **republic**, a constitution or charter protects its citizens with laws that cannot be changed by a simple majority vote.

The differences between a **democracy** and a **republic** include the constraints placed on government and the sovereignty held by the people.

In a democracy, the majority may impose its will on the minority, whereas in a republic the majority is unable to take away inalienable rights. Unlike a republic, a democracy is ruled by the majority and contains no protection for the minority against the power of the majority.

A republic is a **representative type of government**, and its goal is to simultaneously **control the majority while protecting the minority**.

For example, in the republic of the United States, the government is limited constitutionally, and power is divided between the three branches of government.

A democracy is a type of government that grants eligible citizens the right to equal participation. This right is provided directly through the creation and development of laws or through elected representatives.

The interest of the majority is the most important aspect in a democracy.

A republic is a **representative form of democracy**. A republic has an elected head of state, such as a president, that serves for a specific period of time. In a republic, the interest of the majority rules through its elected representatives. However, a republic has a constitution that protects the minority from being entirely overruled or unrepresented.

Therefore ignoring a "**representative form of democracy**" and Utilizing Marxist-Leninist and Maoist revolutionary tactics the communist California governor, mono party system and local government officials support and celebrate these "**democratic**" tactics as a means to introduce and subvert all aspects of California government and civil society in an attempt to destroy the State of California and breakdown the sovereignty of the Union of the United States of America.

Acts of Secession

Therefore the California communist government in conjunction with the communist state executive, instituted wherever the current communist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to secede from the United States of America and thus destroy the very Union of States which gives Us our Liberty and Freedom. Abdication of Authority Betrayal by the sitting communist governor of California the mono party legislature and local elected officials is evidence of abdication of their responsibilities of authority and sovereignty over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings.
