CALIFORNIANS!
Grievance 72

June 11, 2019

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

**New California Declaration of Independence of
January 15, 2018 states:**

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right, it

is their duty, to throw off such Government, and to provide new Guards for their future security.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

First Amendment of the United States Constitution states:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

The Counties of New California bring forward 95 Grievances to be announced in public on Tuesday at 11:00 am.

State of New California

Grievance 72

Declaration of Grievance

Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

THE DEATH OF FREEDOM OF THE PRESS IS THE ORDER OF THE DAY

California's mono-party political machine, its socialist Governor, along with socialist elected officials, agencies, and regional governance boards, are colluding with internet, media and

communications monopolies based in California to CENSOR free speech, restrict access to any opinions not in keeping with a pro-Socialist and Communist Global governance system which controls all aspects of human behavior, thought and religious belief.

Internet communication companies based in California; many whose initial funding came from the tax payers of California, hold **independent monopolistic control over communications**, essentially making them **de facto public utilities**. Yet these monopolies are allowed to act with **impunity** against the **Constitutional Rights of independent and citizen journalists** who cover and report on news, facts and opinions that run contrary to the pro-Socialist and Communist Global control agenda.

Independent and citizen journalists are forced to comply with severe restrictions on what subjects they cover; the evidence they provide; even the words they use. These journalists are punished with shadow banning, demonetization, and shut-downs for even approaching ever tightening Socialist and Communist speech standards. The First Amendment is dead in California.

All aspects of human behavior, speech and thought, are under constant scrutiny and observation via the ever-present technocracy of internet communication, commerce and our dependence on smart technologies.

California is effectively a punitive BIG BROTHER by consciously and subconsciously **self-censoring**, policing behavior and speech in order **to conform to social expectations** demanded by the state.

The socialist California state forces United State Citizens to override or ignore their natural rights in favor of “fitting in”. Citizens reactions, behavior and personal data is collected, shared then sold to global socialists. Data is then used to profile and pigeon-hole Citizens into identity groups that act **contrary to natural cultures based on independent thought and Natural Rights**.

The Constitutionally guaranteed and protected Natural Rights; the safeguards that nurture the promise, potential and fulfillment of all

life, as designed by Nature and Nature's God, are dead in California.

All aspects of **life** are under the same scrutiny with the **expressed purpose of censoring** opposition to replacing Natural Rights, natural families, cultures and beliefs with those that conform to the expectation of the total dominance structure of Global Socialism. Our voices have been silenced. Our republic is dead in California.

⁶ Article IV, Section 4 states: "***The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.***"

In the words of the Declaration of Independence, governments derive "their just powers from the consent of the governed." Without that consent, governments are tyrannies, unjustly handing out penalties with the stolen power they have seized by force or manipulation. So it is in California.

Insurrection

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in ***acts of insurrection*** against the U.S. Constitution.

The **Insurrection Act of 1807** is a [United States federal law](#) that governs the ability of the [President of the United States](#) to deploy [military troops](#) within the [United States](#) to put down lawlessness [insurrection](#), and [rebellion](#).

Acts of Secession

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities of authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings. *newcaliforniastate.com* (877) 828 2753
