“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

**New California Declaration of Independence of
January 15, 2018 states:**

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their Right,

it is their Duty, to throw off such Government, and to provide new Guards for their future security.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

State of New California

Grievance 76

Declaration of Grievance

Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

A THIRD WORLD STATE IS THE ORDER OF THE DAY

California's mono-party political machine, its socialist Governor, along with socialist elected officials, agencies, and regional governance boards, are colluding to create a third world state in direct violation of both Article IV,

Section 4 and Article VI of the United States Constitution.

California resident and national author Victor Davis Hanson wrote that California is now “America’s First Third-World State”. Stating:

..... “By many criteria, 21st-century California is both the poorest and the richest state in the union. Almost a quarter of the population lives below the poverty line. Another fifth is categorized as near the poverty level — facts not true during the latter 20th century. A third of the nation’s welfare recipients now live in California. The state has the highest homeless population in the nation (135,000). About 22 percent of the nation’s total homeless population reside in the state — whose economy is the largest in the U.S., fueling the greatest numbers of American billionaires and high-income zip codes”

The **tools** of the California socialist mono party system used over the last 60 years and identified by Victor Davis Hanson are a testament to a depraved movement to destroy the United States of America.

“.....the California middle class is shrinking — because of massive regulation, high taxation, green zoning, and accompanying high housing prices. Out-migration from the state remains largely a phenomenon of the middle and upper-middle classes. Millions have left California in the past 30 years, replaced by indigent and often illegal immigrants, often along with the young, affluent, and single”.

“.....typhus, along with outbreaks of infectious hepatitis A, are in the news on California streets. The sidewalks of the state’s major cities are homes to piles of used needles, feces, and refuse. Hygienists warn that permissive municipal governments are setting the stage — through spiking populations of history’s banes of fleas, lice, and rats — for possible dark-age outbreaks of plague or worse”.

..... “A polarity of importing massive poverty from south of the border while pandering to those who control unprecedented wealth in Silicon Valley, Hollywood, the tourism industry, and the marquee universities. Massive green regulations and boutique zoning, soaring taxes, increasing crime, identity politics and tribalism, and radical one-party progressive government were force multipliers. It is common to blame California Republicans for their own demise.

“..... They have much to account for, but in some sense, the state simply deported conservative voters and imported their left-wing replacements”.

“.....California now has the nation’s highest basket of sales, gas, and income taxes.Yet the rule in California is to punish the upper middle class while pandering to the rich and romanticizing the poor”.

“.....Twenty-seven percent of Californians were not born in the United States, a large minority of them residing in the United States illegally”.

*“.....Yet California’s universities and popular culture are at the forefront of salad-bowl and identity-politics policies that **obstruct assimilation, integration, and intermarriage** — the historical remedies for the natural tensions that arise within multiracial and multiethnic societies”.*

Insurrection

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in ***acts of insurrection*** against the U.S. Constitution.

The **Insurrection Act of 1807** is a [United States federal law](#) that governs the ability of the [President of the United States](#) to deploy [military troops](#) within the [United States](#) to put down lawlessness [insurrection](#), and [rebellion](#).

Acts of Secession

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings.
