Declaration of Grievance

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Article IV Sections 3 United States Constitution states:

New States may be admitted by the Congress into this Union; but no new States shall be formed or erected within the [Jurisdiction](#) of any other State; nor any State be formed by the Junction of two or

more States, or parts of States, without the Consent of the Legislatures of the States concerned as well as of the Congress.

**New California Declaration of Independence of
January 15, 2018 states:**

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

So it is the history of the past and present Governor and Government of California has a history of repeated injuries and usurpations, all having in direct object the establishment of a Tyranny over the Counties of New California and the State of California.

Whenever any Form of Government becomes destructive of these ends, it is the Right of the People to seek a constitutional remedy to the abuse of powers”.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

We are determined to live under a State Government in the United States of America and under the Constitution of the United States.

Therefore the Counties of New California bring forward 40 Grievances against the government of California to be announced in public on Tuesday at 11:00 am each week for 40 weeks.

Declaration of Grievance

United States Constitution Article IV Section 4 States:

The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.

Failure of the government of California to protect Citizens against invasion.

The California government, current governor and the mono party system of elected officials have created a tyranny for the Citizens of California by their illegal and unconstitutional creation of laws which they enacted that have caused an invasion of illegal foreign nationals.

The current governor and elected officials who are enforcing unconstitutional laws against the Citizens of California are actively engaging in acts of insurrection against the Constitution of the United States of America and the Great State of California.

The United States Attorney General's office has filed three lawsuits against the current governor and attorney general for the passage and enforcing illegal immigration laws that aide and abet the illegal foreign

nationals who commit crimes such as murder, rape, child sex trafficking, extortion and arson against the Citizens of California.

The governor, attorney general and local elected officials of California are actively blocking Immigration and Customs Enforcement agents from removing illegal criminal nationals.

The California government, current governor and the mono party system of elected officials have utilized the machinery of the state government to interfere and block Immigration and Customs Enforcement raids in clear violation of the United States Constitution and the Constitution of the State of California. The state of California is NOT entitled to block Immigration and Customs Enforcement raids and flout the immigration laws of the federal government.

The current governor of the state of California has declared “WAR” against the Union of the United States of America the Constitution and her Citizens. Evidence of the governor’s acts of WAR against the United States are the 30 plus lawsuits filed by the governor and attorney general against the immigration policies of the United States of America. Actions and such talk by a sitting governor of any state of the Union is an open act of insurrection not seen since the Great Civil War.

Open acts of insurrection are acts of betrayal against the Citizens of California and the United States of America which the governor and sitting attorney general have sworn to protect and defend. The failure of any and all California, state, county and local elected officials to enforce the Constitution of California and the United States of America and follow their oath of office is evidence of their betrayal. Such betrayal by local, state, elected and unelected California officials is evidence of their abdication of authority and sovereignty over the State of California.

When local and state officials become active participants along side the criminal illegal foreign nationals against the very Citizens they are sworn to protect then these officials have abdicated their responsibilities and authority over the very people they were elected to represent.

Therefore the California government in conjunction with the state executive, instituted wherever their usurped power extends, a reign of terror exists on the citizens of California and the United States of America.

By their own actions the California government and the current governor, and local elected leaders have abdicated their responsibilities and their authority over the people of California

This concludes these proceedings.
