## State of New California

# Grievance 37

### Declaration of Grievance Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

### California State Government Violates the Following: United States Constitution Article IV Section 4

*"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."*

But Congress may by a vote of two-thirds of each House, remove such disability.*

# ORDER OF THE DAY DICTATOR USES MARTIAL LAW ON AMERICAN CITIZENS

## The State is in Martial Law

*From the Orange County Register:*

*The Merriam-Webster Dictionary defines “emergency” as “an unforeseen combination of circumstances or the resulting state that calls for immediate action.” California law defines “state of emergency” as “the duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the state ....”*

*By definition, an emergency isn’t permanent. If the terms “disaster” and “extreme peril” are to have any meaning, they can’t apply to the day-to-day risks of living.*

The California Emergency Services Act (CSEA) defines “local emergency” as well as “state of emergency,” and it specifically limits the length of time that a local emergency declaration may be in force.

The March 4, 2020 declaration of emergency waived those time limits because in 2015 the California Legislature with the help of the then governor dropped the requirement in the CSEA to limit the governor’s emergency power to 30 days. How strange the 2015 legislature would take the time to change the CSEA for no reason.

Since March 4, 2020 the California Governor has been an official dictator. The definition of a dictator by Oxford Dictionary: *“a ruler with total power over a country, typically one who has obtained control by force”*.

The California governor has obtained power by the force of fear. Utilizing a compliant media, pseudo sciences, corrupt mono party system, local officials and state-wide government agencies the governor has become a classic dictator who is destroying the state and its people through martial law.

Using incremental stages of implementation of martial law the governor started with the use of emergency powers as he declared for himself “one man rule”. Next came the masking, then the closures of schools, churches, businesses, travel restrictions, curfews, releasing of convicted felons and lock downs of entire counties in the largest state in the nation.

Martial Law as defined by the “Free Dictionary” is *defined “a system of complete control by a country’s military over all activities, including civilian, in a theoretical*

*or actual war zone, or during a period of emergency caused by a disaster such as an earthquake or flood, with the military commander having dictatorial powers”.*

Its apparent California is now the new war zone of the world declared one by the current governor. This is why it is essential the President of the United States utilize the Insurrection Act of 1807 to stop the corruption and the communist foreign influence that has destroyed the California Republic.

Now, the corruption that started here in California has swept throughout the entire nation and now threatens the very survival of The United States. We have no representation in rural California, which comprises most of the land mass and half the population. The rest of rural America will fall to this tyranny if not checked.

The International Emergency Economic Powers Act, can be primarily used for the "white collar" traitors, financial institutions and whoever has "financial fingerprints" on dirty deals with the enemy.

The Insurrection Act of 1807 is also very broad and gives the President more leeway. Without doubt, it can be applied to not just corporations and CEOs and those with demonstrable financial ties to our enemies, but can be useful in the type of dragnet that will be necessary to win the upcoming conflict, whereby ANTIFA, BLM, and others on the streets of America, as they can be treated as enemy combatants.

California's officials have earned the title of **DOMESTIC ENEMIES**.

They oppose the rule of law and at the same time they use the offices of public trust they occupy to slander and disaffect any Citizen whose allegiance is to the United States Constitution and the Bill of Rights.

These Domestic Enemies have aligned themselves with foreign interests, financial as well as ideological and are not fit to govern the United States Citizens living within the **territorial boundaries of the jurisdictions they control now by force of violence.**

By unquestioned authority and unanimous opinion, the subjection of Citizens to the rule of Domestic Enemies will not stand.

**A state of war exists between We the People of the United States and foreign and domestic enemies who are engaged in attempting to overthrow our elections and control public opinion through media racketeering and conspiracy right here in California.**

We ask the President to use the Insurrection Act and Military Tribunals to apprehend the criminals, collaborators and traitors that are working in unison with the agenda of the Chinese Communist Party and other foreign interests to destroy this nation. Help us reclaim our citizenship as U.S. citizens by creating the 51s state.

***We, the People***, are determined to stop the “one man rule’ of a *pusillanimous* craven dictator whose words and actions are a grave danger to all U.S. Citizens living in California.

## **Insurrection**

The government of California, the current socialist governor/dictator and mono-party system along with local officials are following a coordinated design with the intent to actively engage in “*Acts of Insurrection*” against the U.S. Constitution.

The **Insurrection Act of 1807** and the *Emergency Economic Powers Act* are United States federal laws that govern the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

## **Acts of Secession**

The California government in conjunction with the socialist state executive, instituted wherever the current socialist governor/dictator has usurped power has actively engaged in “*Acts of Secession*” and have created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America to thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

## **Abdication of Authority**

Betrayal by the sitting socialist governor/dictator of California the mono-party legislature and local elected officials is evidence of “*Abdication of their Responsibilities of Authority and Sovereignty*” over the Citizens of the United States living in California State.

## **Prayer**

**The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.**

**This concludes these proceedings.**
