

State of New California
Chapter II
Grievance 38
Declaration of Grievance Statement
of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in
Direct Violation of the Following:

United States Constitution Article IV Section
4

“The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.”

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

First Amendment, United States Constitution

“Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.”

Fourteenth Amendment, US Constitution

Section 3. No Person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State

legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may by a vote of two-thirds of each House, remove such disability.

ORDER OF THE DAY INVESTIGATE DOMESTIC TERRORISM

Everyone agrees there is a need to investigate domestic violence. California state has announced that they would soon be introducing a bill to have the state create special investigation units focusing on domestic terrorism. The as of yet unnumbered bill, written in response to the “*storming of the United States Capitol Building in Washington D.C. last week, would specifically have the Attorney General and the Office of Emergency Services be in charge of creating such teams.*

Within the California Department of Justice, teams would specifically investigate coordinate efforts to stop any incidences of domestic terror, hate crimes, and other

criminal endeavors done by, according to the press release, “white nationalist, neo- Nazi, neo-confederate, anti-government militia, and other similar groups.” The CalOES State Threat Assessment group would assess threats from the same groups”.

Of special note is the California state legislature left off the biggest domestic terrorist leading the nation’s communist insurrection its very own craven dictator governor. The California governor is by far the biggest domestic terrorist in the nation’s history as he wields unbridled power that the very same legislature who wants to investigate United States Citizens living in California gave him one year ago.

Since March 4, 2020 the California Governor has been an official dictator. The definition of a dictator by Oxford Dictionary: **“a ruler with total power over a country, typically one who has obtained control by force”.**

The legislature in California state is non existent but cannot resist their totalitarian impulses as they have eagerly allowed the governor has usurped their power under the guise of the covid virus. Of course with a mono party system that fails to provide a republican form of government the unilateral giving up of legislative power to the dictator has been easy totalitarian impulse to follow.

While there is no known opposition to the soon-to-be bill, some have called for the inclusion of left wing groups, such

as those that rioted in American cities during the summer of 2020, to be included as well.

“You need to look at everyone who has, or is planning, acts like that,” explained an anonymous law enforcement advisor. “If you look at those that broke into the Capitol and were in **the million MAGA march**, then you need to look at the groups and individuals who were **burning police stations in Portland** and assaulting others too. We need to unpolarize right now and base it all on law and order. Set aside all the background noise of stealing elections and police injustice and everything else right now, and let’s look at the actions of all those people.”

In Grievance 37, Chapter 2, the **DICTATOR USES MARTIAL LAW ON AMERICAN CITIZENS: The State is in Martial Law we stated the following:**

“The California governor has obtained power by the force of fear. Utilizing a compliant media, pseudo sciences, corrupt mono party system, local officials and state-wide government agencies the governor has become a classic dictator who is destroying the state and its people through martial law.

Using incremental stages of implementation of martial law the governor started with the use of emergency powers as he declared for himself “one man rule”. Next came the masking, then the closures of schools, churches, businesses, travel restrictions, curfews, releasing of convicted felons and lock downs of entire counties in the largest state in the nation.

Martial Law as defined by the “Free Dictionary” is defined “a system of complete control by a country's military over all activities, including civilian, in a theoretical or actual war zone, or during a period of emergency caused by a disaster such as an earthquake or flood, with the military commander having dictatorial powers”.

It is apparent California is now the new war zone of the world declared one by the current governor. This is why it is essential the President of the United States utilize the Insurrection Act of 1807 to stop the corruption and the communist foreign influence that has destroyed the California Republic”.

California's legislature including the governor have themselves earned the title of **DOMESTIC ENEMIES**.

We, the People, are determined to stop the “one man rule’ of a **pusillanimous** craven dictator whose words and actions are a grave danger to all U.S. Citizens living in California.

We agree there needs to be an investigation into the totalitarian domestic terrorist dictator governor of California by “WE THE PEOPLE”.

Insurrection

The government of California, the current socialist governor/dictator and mono-party system along with local officials are following a coordinated design with the intent

to actively engage in “***Acts of Insurrection***” against the U.S. Constitution.

The **Insurrection Act of 1807** and the ***Emergency Economic Powers Act*** are United States federal laws that govern the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.
