## Declaration of Grievance Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

### California State Government is in Direct Violation of the Following:

#### United States Constitution Article IV Section 4

*"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."*

#### United States Constitution Article VI

*This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.*

**ORDER OF THE DAY**

**HOMELESSNESS**

California is the leader in homelessness in the United States of America. This fact is nothing to be proud of except if you are a socialist who wants to see United States Citizens who live in California suffer the abuses of a totalitarian state government.

In an article from California County News;

***"A new White House report has found that 47% of the nation's homeless live in the state of California, with four of the five worst cities in the Golden State. According to the White House Council of Economic Advisers, the crisis is most pronounced in San Francisco, Los Angeles, Santa Rosa, San Jose, and Seattle.***

*Housing and Urban Development Secretary Ben Carson has stated;*

*"The president is extremely concerned about this because of the epidemic that could occur and so we're looking at both short term and long term,"...Carson insists the administration is coming from a place of "compassion."*

*"But as a compassionate society, it is something that we have to do. Something about we can't just talk about it. Should it be the responsibility of the federal government? No," Carson said".*

California has the highest percentage of unsheltered homeless individuals in the country, at slightly under 70 percent. This means that the vast majority of the state's homeless population does not utilize temporary living arrangements provided by either charitable organizations or government programs. Rather, they have been found living on the streets, parks, or other places not meant for human habitation.

California comprises 12 percent of the nation's population of homeless families with children. From 2016 to 2017, the state experienced one of the largest increases of homeless families in the nation and has the largest number of unaccompanied homeless youth, which includes any individual under the age of 25 who does not live with a family member. Fifty eight percent of the nation's unsheltered homeless youth resides in California and is also home to 29 percent of the nation's homeless veterans, where two-thirds of them are unsheltered.

"The lack of shelters is due to a lack of resources, and we don't really have a plan to end it," said Christopher Martin, legislative advocate at Housing California. "We don't have strong programs to end homelessness on the state level. We know the shelters are a part of the solution, but at the end of the day, we know that we need exits for the shelters.

The real reason there is no end in sight for those United State Citizens homeless in California is that all elements of the governance system is in complete breakdown.

California is a mono-party political machine typical of any totalitarian regimes where all political parties have failed the people by deliberately destroying the Constitutional design our Founding Fathers created to insure a republican form of government.

The end result is a broken failed state with no future and no hope to return to the fundamentals of a republican form of government a direct violation of Article IV, Section 4 of the United States Constitution. Communism is now a fact of life in California.

The only answer to stop the communist take over of California is the formation of new state under Article IV, Section 3 of the United States constitution.

There is one hope and that is a new constitution that the State of New California will provide to those in New California State.

California's mono-party political machine, its socialist Governor, along with state legislators, socialist elected officials, agencies, and unelected regional governance boards, are colluding to create a pure totalitarian communist California state in direct violation of both Article IV, Section 4 and Article VI of the United States Constitution.

The California communist state legislature and the socialist governor legislate new laws that turn legally abiding citizens into felons, force oppressive regulations and change the California constitution to encourage lawlessness while pandering to criminal cartels.

## **Insurrection**

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in **acts of insurrection** against the U.S. Constitution.

The **Insurrection Act of 1807** is a United States federal law that governs the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

## **Acts of Secession**

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

## **Abdication of Authority**

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

## **Prayer**

**The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.**

This concludes these proceedings. *newcaliforniastate.com* (877) 828 2753
